

International iBOLT Conference 2008

15-16-17 April

Akdeniz University Antalya

Starsale, with offices in The Netherlands and Turkey, is one of the most active iBOLT Portal partners of Magic Software. This year we bring our developers from the Netherlands and Turkey for the second time together for a three day event about the technology and business with a focus on iBOLT and eDeveloper.

iBOLT Portal is the state of the art platform for the development and deployment of advanced and heavy-used enterprise portals, intranets and enterprise content management systems.

iBOLT Business Integration Suite is a flow oriented composite applications toolset, delivering fast application integration (EAI), development and customization of diverse applications, systems and databases.

eDeveloper is a composite applications toolset, delivering an extremely productive, state-of-the-art technology for developing and deploying composite Client/Server applications.

The event is also open for selected partners and customers of Starsale and Magic Software.

- Workshops:
 - o Introduction to Magic e-Developer
 - o Introduction to iBOLT EAI
 - o Introduction to iBOLT Portal
 - o Expert workshop iBOLT Portal
 - o Starsale Framework for iBOLT Portal (ST-REF) – concepts & facilities
- Meet the developers of Starsale Turkey, Starsale Netherlands and Magic Software
- Experience Turkey from a business point of view
